

Surface Mount Adult Fitness Install

STEP: 1

Refer to the General Installation Guide for information on footings for a primary support post. Once concrete has been set, mark your drill placement by using the mounting bracket holes, then bore out an appropriately sized anchor point in the concrete.

STEP: 2

Place the equipment mounting plate back over the holes and insert the Concrete Anchor Bolts (Not Supplied). Install Anchor Bolts as directed by anchor bolt manufacturer.

Surface Mount Adult Fitness Install

STEP: 3

Connect plastic mount cover over the surface mount plate and bolt the two pieces together using the supplied hardware.
