

Post Installation

STEP: 1

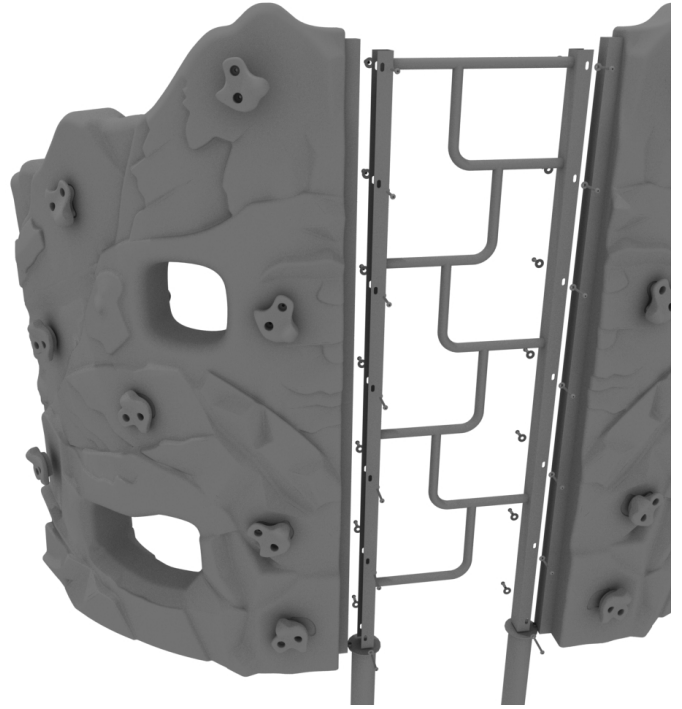

**DO NOT CEMENT POSTS INTO PLACE
UNTIL THE ENTIRE STRUCTURE IS
ASSEMBLED.**

Refer to the General Installation
guide footing information and dig
proper holes for the support posts.

Craggy Maze Rung Ladder Install

The Craggy Maze Rung Ladder attaches on both ends. Each connection point uses seven (7) M12 barrel nuts, seven (7) M8*60 bolts, seven (7) M12 washers, and seven (7) M8 washers.

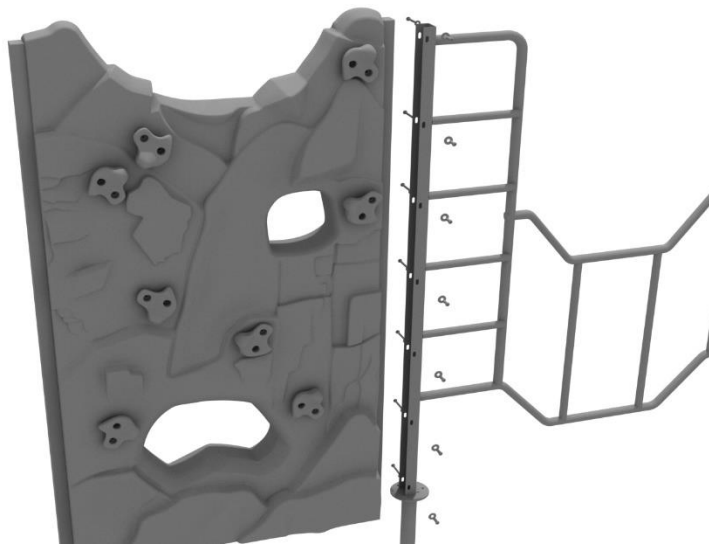

Multi Ladder Connect Install Guide

STEP: 1

See General Installation Guide regarding post footing information.

Then, attach the straight craggy climber section to the Multi Ladder Connect using seven (7) M12 barrel nuts, seven (7) M8*60 bolts, seven (7) M12 washers, and seven (7) M8 washers.

Repeat this step for the opposite side of the climber.

Craggy Climber End and Turn Installation

STEP: 1

Connect the Craggy End and Craggy Turn sections together using the craggy climber short bracket. The craggy climber short bracket uses ten (10) M12 barrel nuts, ten (10) M8*60 bolts, ten (10) M12 washers, and ten (10) M8 washers.

See the General Install Instructions document regarding footing information for climbers.
