Forever Building Imaginations Through Play

GROUND STAKE INSTRUCTIONS FOR INSTALLATION

- 1) Pick location for toy (level if possible)
- 2) Using a mallet or hammer, beat the stake through washers on the base of toy into the ground.
- 3) There should be several Eye Hole Washers on the base of each toy.

FOR PERMANENT INSTALLATION

- 1) Pick location of toy (level if possible)
- 2) Mark where the eye hole washers are on the base to the ground below.
- 3) Dig a 10" around hole, 18" deep where you have marked
- 4) Fill holes $\frac{3}{4}$ full of mixed concrete
- 5) Put toy back in the place and push provided stakes into the wet concrete.
- 6) Allow 24 hours to dry.
- 7) Backfill the holes with leftover dirt.

INSERT PROVIDED STAKES THROUGH THE WASHERS ON BASE OF TOY AS SHOWN BELOW.
