

Haiger Adventure Course

Description

Coordination, balance, Spatial awareness: every child has their own challenges. We offer a world of adventure that encourages each child individually. We ensure that fun and safety is not forgotten with our creative play elements that are well thought out down to the last detail.

Each course is unique, and elements are interchangeable. With so many possible choices of shapes and colors, systems can be as part of a larger playscape or standalone to allow adventurous play and exploration for young and old climbers.

Features

- Maintenance-friendly, easy to install
- Modular design for a custom adventure course
- All course elements can be linked to one another
- Use zone and space required are variable, determined by your configuration

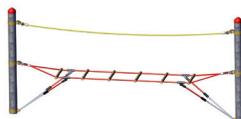

Steel or Natural Robinia Wood posts are available. Robinia offers a more natural look and feel.
