Triple Wing Climber Install

Connect the Triple Wing Climber top rail to the appropriate posts via the Standard Attachment Point. Refer to the Standard Attachment Point install section for more detailed information.

Dig suitable footings for each of the Wing Climbers. Please refer to the footing section for climbers in the General Installation Instructions document.

Get Physical Series – Standard Attachment Point Installation

STEP: 1

Most components of a Get Physical series structure attach using this standard attachment point. Use three (3) M10*25 bolts, six (6) M10 washers, and three (3) M10 lock nuts.

STEP: 2

Each of these attachment points has a rubber cover to protect the bolts. Attach the cover and secure using the pre-attached M8*40 bolt and M8 lock nut.
