Freight & Delivery Details: Most large items ship via LTL freight (curbside delivery), while very large items may ship via FTL freight (dedicated truck). Standard transit time is 3-10 business days, and customers must be present for delivery. Liftgate services and inside delivery are not included unless paid for separately.

Receiving & Inspecting Shipments: Customers should inspect shipments upon arrival, take photos, and document any damages before signing off. Minor damage should not result in rejection, but significant structural damage may warrant refusal. Any missing or damaged items must be noted on delivery paperwork to qualify for replacement.

Additional Fees & Customer Pickup: Extra charges may apply for liftgate services (\$150-250), reconsignment (address change), missed deliveries, expedited shipping, inside delivery, etc. Customer pickup is available for only select products in Monroe, Louisiana, with a 10% cancellation fee for pickup orders.

Customer Responsibility & Legal Terms: Customers assume responsibility for any labor, time, or cost delays resulting from non-compliance with shipping and delivery terms. Any disputes regarding payment for goods and services will be handled in the jurisdiction of Jefferson County, Alabama.
